#### **EXPERIENCE**

## **CredCompare**, Remote — Senior Software Developer

SEP 2020 - PRESENT

- Built the client application from scratch.
- Created flexible and resilient architecture that proved itself.
- Integrated modern tools, which helped us keep production issues at the minimum.
- Helped with creation of company development processes
- Trained new hires

### **Freelance**, Remote — Senior Software Developer

FEB 2017 - MAY 2022

Mainly freelance on **Upwork.com**.

- I holded 100% JSS(Job Success Score or Client Satisfaction) for the whole time working on Upwork
- Many positive reviews
- Hands-on experience working in global startups on long term contracts
- Wide range of projects which helped me to develop diverse perspectives

## **Protei**, St Petersburg, Russia — Software Developer

Feb 2015- FEB 2017

During my time in the company I worked with a team of amazing experts, who guided me on my path to become a great software developer.
